HERE IT COMES!

I CAN HANDLE THIS...
WELL, WHO NEEDS SHINJI?
...ALL ON MY OWN!

COME ON
COME ON
COME ON!!

DID THE RUMBLING JUST GET STRONGER...?
I WONDER WHAT HAPPENED TO THE ANGEL?
WHERE ARE WE...?
WELL... LET'S JUST SAY NERV HAS LOTS OF FACILITIES THAT CIVILIANS DON'T KNOW ABOUT.

NEVER KNEW THIS WAS UNDER THE TRAIN STATION...
THE CONSTRUCTION IS MUCH STURDIER THAN THE AVERAGE SHELTER... AND IT'S GOT GREAT ACCESSIBILITY TO THE GEOFRONT, VIA LINEAR-RAIL.
TO THE HEART OF THE STORY! I HAVEN'T TOLD YOU THE REASON WHY I'M SPYING ON NERV.
NOW THEN.
EMER-GENCY RATIONS— ENOUGH FOR MONTHS!
OTHER-WISE, WHAT ARE WE GOING TO TALK ABOUT?
NOW, DON'T SAY THAT...
WELL, I DON'T REALLY CARE, YOU KNOW.

THE...
...SECOND IMPACT WAS THE BEGINNING TO EVERY-THING.
THE AFTER-MATH WAS PURE HELL.
TRY TO IMAGINE IT...
CITIES UNDER TIDAL WAVES...
FOR A YEAR, EVERY HORSEMAN RODE, UNTIL THREE BILLION PEOPLE WERE GONE.
...DISEASE... STARVATION...
...AND OF COURSE, WAR...
MY MOM AND DAD WERE TWO OF THEM.
MY BROTHER AND I LIVED. HE WAS FOUR YEARS YOUNGER.
ORPHANED KIDS LIKE US WERE EVERY-WHERE BACK THEN.

WE WERE DUMPED INTO MASS SHELTERS.
BUT WHAT WERE THEY SUPPOSED TO DO WITH US?
THE GOVERNMENT ROUNDED UP AS MANY OF THE CHILDREN AS THEY COULD...

...

THERE WEREN'T ENOUGH ADULTS TO WATCH OVER US, SO THEY TRIED TO MAKE UP FOR IT WITH HARSH RULES, AND...

THAT DIDN'T SOLVE A THING.
THERE WERE HUNDREDS OF THOUSANDS OF US.
THE FACILITIES WERE SOON BURSTING AT THE SEAMS.
THERE WASN'T ENOUGH FOOD OR CLOTHES. WE KICKED AND PUNCHED EACH OTHER OVER WHO GOT TO SLEEP IN THE BEDS, OR WHO JUST GOT THE FLOOR.

FINE. A LONG INTRO— SO SUE ME...
SO WHEN DOES THE SPY THING START?

...ME, MY BROTHER, AND FIVE OTHERS.
SO WE ES-CAPED...
THERE WAS ONLY SO MUCH WE COULD TAKE.

WE DIDN'T HAVE A CHOICE, ALL RIGHT?
FIRST A THIEF, THEN A SPY?
WHAT?
WE DID WHAT WE HAD TO DO.
YOU KNOW. SO WE HAD TO SCROUNGE FOR FOOD... STEAL, LOOT... ANYTHING TO GET BY.
THEN, ONE DAY...
BUT EVERYWHERE WE SCAVENGED WAS BEING PICKED OVER BY OTHER REFUGEES, TOO...
SO THAT'S WHAT WE'D DO— WHENEVER WE GOT HUNGRY.
THERE WASN'T MUCH IN THE WAY OF HIGH-TECH SECURITY RIGHT AFTER THE DISASTER, SO EVEN KIDS LIKE US MANAGED TO SNEAK IN.
TAKING A LITTLE AT A TIME, AND GOING ONE BY ONE, TO AVOID ATTENTION.
...WE SCOUTED OUT A MILITARY WAREHOUSE, JUST LIKE THIS ONE.

THAT DAY IT WAS MY TURN.
AND...
WHO'S THERE!?
WE KNOW YOU'RE THERE!
COME ON OUT!
OR ELSE!

UNHG!
HMPH.
WELL, WELL, WELL. THIS WORTHLESS LITTLE PUNK THOUGHT HE'D GET A FIVE-FINGER DISCOUNT.

I'M ALONE, JUST ME.

WHERE'S YOUR FRIENDS?
WE GOT PROPER PLACES FOR YOU. YOU'RE GOING BACK WHERE YOU BELONG, UNDER-STAND?
AND DON'T YOU GODDAMN LIE TO ME!
YOU WANNA TELL ME!?
YOU THINK THIS IS AS BAD AS IT CAN GET?!
WE KNOW YOU —*HFF*— HANG OUT IN A —*HFF*— PACK!

LET ME APPEAL TO YOUR INTELLECT, OKAY?
BUT, HEY.
WELL, MAYBE HE'S NOT SUCH A PUNK.

THAT MEANS NO ONE GIVES A DAMN IF WE KILL YOU RIGHT HERE AND NOW.

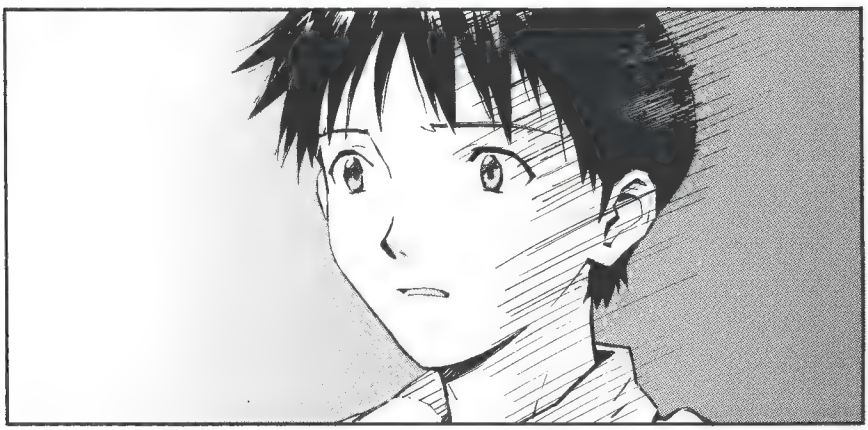
...AND WE SPARE YOU.
FOR YOUR INFORMATION, THE MANUAL STATES THE TRIGGER PULL ON THIS IS ABOUT TWO-AND-A-HALF KILOS.

ONE.
TWO.



THERE'S NEVER BEEN A MOMENT WHEN I WAS MORE AFRAID— NOT IN ALL MY LIFE.
I FOUND OUT I WAS SCARED OF DYING.

YOU KNOW WHAT, SHINJI?

WHAT...
...WHAT HAP- PENED?

DID YOU TELL THEM?

THE ABANDONED BUILDING... BETWEEN THE EASTERN PUBLIC CEMETERY...
...AND THE HIGH-WAY...

YOU STAY AND WATCH HIM 'TIL WE CONFIRM THIS.
LET'S GO, GUYS.

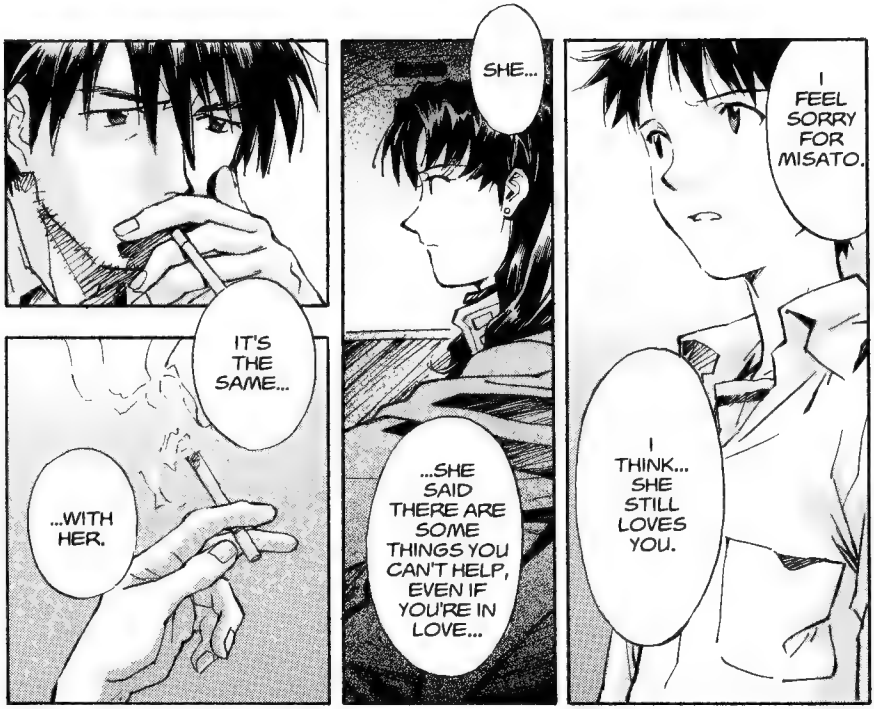
SO, YEAH, IT WAS SIMPLE.
I HAD TRADED THEM FOR ME.

SOME-
THING
TO GO
ON.
SOMETHING
TO GO
ON
FOR.
WHAT
THE HELL
WERE WE
ALL DOING
IN THAT
SITUATION,
ANYWAY?
IT WAS
BECAUSE
OF THE
SECOND
IMPACT.

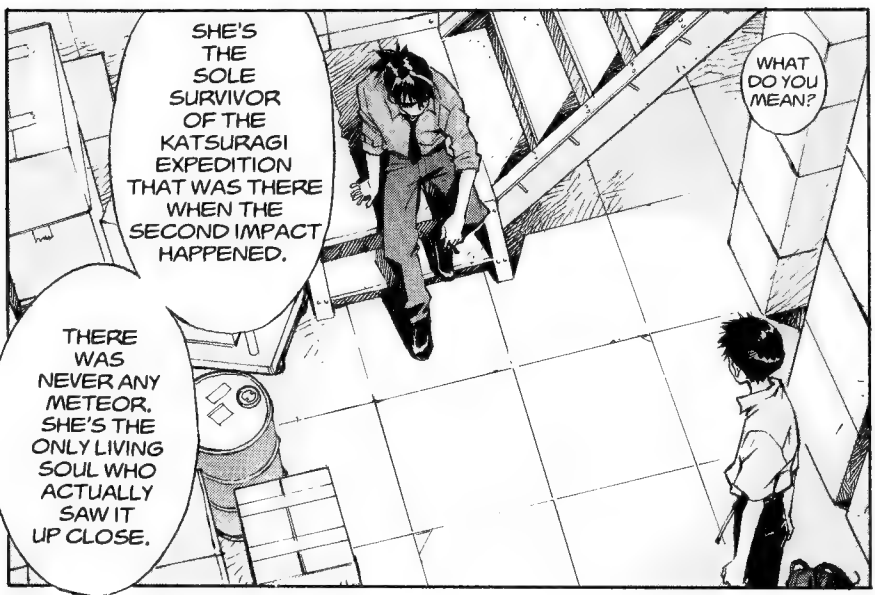
I
THOUGHT I
COULD
ATONE
FOR MY
BROTHER..
...BY
UNCOVERING
THE TRUTH
ABOUT WHAT
HAPPENED.
A
METEOR
HAD HIT
ANTARCTICA,
THEY SAID.
I
DIDN'T
BUY IT.
IT
WAS
AROUND THAT
TIME THE U.N.
PUBLISHED THE
OFFICIAL
EXPLANATION FOR
THE
EVENT.
IF
THERE
WERE
PEOPLE
BEHIND THIS,
THEN THEY
SHOULD BE
PUNISHED. OR
THEY WOULD
ONLY MAKE
MORE
VICTIMS.

HA.
TO BECOME A SPY...?
YOU COULD SAY THAT.
I WAS LUCKY. I EVENTUALLY FOUND RELATIVES WHO TOOK ME IN. GOT BACK IN SCHOOL, AND THEY SENT ME TO COLLEGE.
LEARNED A LOT THERE.
IT WAS THEN THAT I MET KATSU-RAGI.

WE WERE SO CONSUMED BY OUR HAPPINESS...
THAT SUDDENLY, ONE DAY, SOME FEAR STUCK ME DOWN.
WE FELL IN LOVE RIGHT AWAY.
WE WERE SO HAPPY.
BUT...
I WONDERED...
...IF I DESERVED THIS, WHEN I KILLED MY OWN BROTHER.
I JUST COULDN'T SPEND MY TIME BEING IN LOVE ANYMORE.
IS THAT WHY YOU BROKE UP?
WHAT...?



I FEEL SORRY FOR MISATO.
I THINK... SHE STILL LOVES YOU.
SHE...
...SHE SAID THERE ARE SOME THINGS YOU CAN'T HELP, EVEN IF YOU'RE IN LOVE...
IT'S THE SAME...
...WITH HER.



WHAT DO YOU MEAN?
SHE'S THE SOLE SURVIVOR OF THE KATSURAGI EXPEDITION THAT WAS THERE WHEN THE SECOND IMPACT HAPPENED.
THERE WAS NEVER ANY METEOR. SHE'S THE ONLY LIVING SOUL WHO ACTUALLY SAW IT UP CLOSE.

HE PUT HER IN. SHE SURVIVED...
...HE DIED.

HER FATHER WAS HEADING THE INVESTIGATION OF THE OBJECT CALLED "ADAM" THAT THEY HAD DISCOVERED ...
...BURIED IN ANTARCTICA.
AND THEN...IT HAPPENED. THEY WERE BOTH WOUNDED, WITH ONLY ONE ESCAPE VESSEL.

I KNOW IT'S WHY SHE JOINED NERV, JUST LIKE IT'S WHY I'M SPYING ON IT.
IT RUNS DOWN HER BODY, THE SCAR. IT RUNS DEEP INSIDE.

AND...

IF YOU HAD FOUGHT BEFORE THEY SWITCHED OVER TO THE DUMMY SYSTEM, YOU MIGHT HAVE BEEN ABLE TO DEFEAT THE ANGEL, AND SAVE SUZUHARA.
BUT...
...YOU DIDN'T.
YOU COULD'VE STOPPED IT IF YOU TRIED.
SUZUHARA DIED...
...AND YOU SURVIVED.
JUST LIKE HOW I SURVIVED BY TRADING MY BROTHER'S LIFE.
AND HOW KATSURAGI SURVIVED BY TRADING HER FATHER.
YOU HAVE IT NOW.
YOU HAVE SUZUHARA'S LIFE. YOU'VE STILL GOT FLESH AND BLOOD, BECAUSE YOU TOOK HIS.

SO HOW ARE YOU GOING TO LIVE THAT LIFE...
...AS IF NOTHING HAPPENED?
...AM I SUPPOSED TO DO...?
WHAT...

YOU CAN GET BACK TO THE GEOFRONT ON THE LINEAR-RAIL. ROUTE 18, THROUGH THE DOOR ON THE END.
IT'S YOUR CHOICE WHETHER YOU GET ON IT OR NOT.
YOU MUSTN'T LOOK AWAY FROM THE TRUTH.
BUT IT'S LIKE I'VE TOLD YOU BEFORE.
THEY SAY... THAT THERE WILL BE A THIRD IMPACT...IF AN ANGEL MAKES CONTACT WITH ADAM, WHICH IS SLEEPING UNDERNEATH NERV.
THIS TIME, EVERYONE COULD DIE.
THE ONLY ONE THAT CAN STOP IT...

...THE ONLY THING, IS THE EVANGELION.
IT HAS POWER... AS AN ANGEL.

IT'S STILL THERE...
MY HEAD'S STILL THERE... RIGHT....?

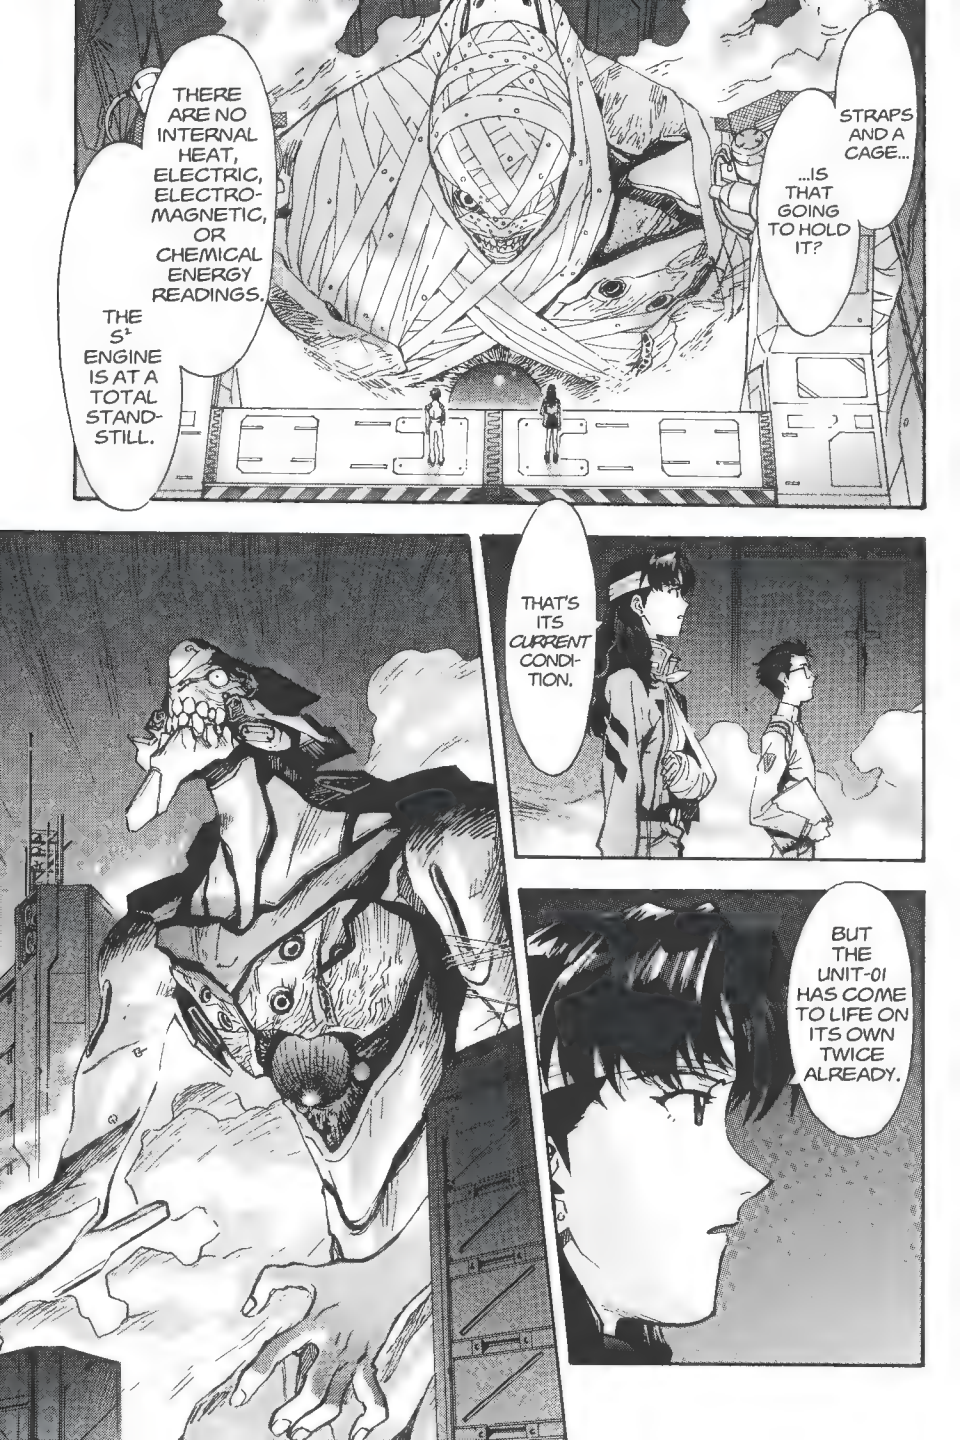
STAGE 48: ERADICATION

WE CERTAINLY CAN'T WORK HERE.
WELL... RECOVERY IS GOING TO TAKE SOME TIME.
THE DAMAGE TO EVA UNIT-00 AND UNIT-02 HAS EXCEEDED THE HAYFLICK LIMIT.
...WE'LL WORK FROM THE RESERVE SECOND COMMAND CENTER.
WE CAN BEGIN WORK ON IT TOMORROW.
FORTUNATELY, THE MAGI SYSTEM IS TRANS-PLANTABLE.
IT'S ONLY A MATTER OF TIME BEFORE THE ENGINEERS CONDEMN IT, ANYWAY.
YES. FOR TODAY...

WE'LL BE LUCKIER STILL IF WE CAN MAKE ANY MORE USE...
...OF UNIT-01.
WE'RE JUST LUCKY WE CAN USE IT.
THE CHAIRS ARE SMALL... AND THE SENSORS ARE STIFF...
IT HAS THE SAME LAYOUT AS PRIMARY COMMAND, BUT IT'S HARD TO GET WORK DONE THERE...
WITHOUT THE MAGI...?



THERE ARE NO INTERNAL HEAT, ELECTRIC, ELECTRO-MAGNETIC, OR CHEMICAL ENERGY READINGS.
THE S² ENGINE IS AT A TOTAL STAND-STILL.
STRAPS AND A CAGE...
...IS THAT GOING TO HOLD IT?
THAT'S ITS *CURRENT* CONDI-TION.
BUT THE UNIT-01 HAS COME TO LIFE ON ITS OWN TWICE ALREADY.

WE USED THE ANTI-ANGEL INTERCEPT SYSTEM...
...I NEVER THOUGHT IT WOULD BE USED TO TRAP AN EVA UNIT.
NO...

...THAT WAS THE SYSTEM'S REAL PURPOSE...
WHAT IF...
THE S² ENGINE WAS NOT MEANT TO BE MANIFEST WITHIN THE EVA SERIES.
WE HAD NOT ENVISIONED IT ACQUIRING ONE BY EATING AN ANGEL.

...AN ERROR FROM THE BEGINNING— TO GIVE NERV TO GENDO IKARI?
WAS IT NOT...
...PATH MUST BE RE-DEEMED.
THE TRUE...
THIS INCIDENT IS FAR DIVERGED FROM OUR SCENARIO.
YET WE COULD NOT HAVE REALIZED WHAT WE HAVE WITHOUT HIM.

THE FACILITIES GREATLY DAMAGED.
CENTRAL DOGMA, EXPOSED.
THE DAMAGE TO UNIT-00 AND UNIT-02.

THIS GOES BEYOND THE MATTER OF EVA UNIT-01.

...ALL BECAUSE WE DID NOT KEEP A BELL AROUND IKARI'S NECK.
WE CANNOT EVEN MEASURE THE AMOUNT OF MONEY AND TIME THAT HAS BEEN LOST...
THE LIST GROWS LONG.
WHAT IS THE POINT OF THE BELL, THEN?
NO, THE BELL IS THERE.
IT JUST DID NOT RING.
RATHER THAN RING...
...WE SHALL HAVE IT STRIKE.

THIS WAS AN UNEXPECTED TURN OF EVENTS, EH?
WELL, WELL, WELL!
THIS WAS AN ACCIDENT, NO MORE.

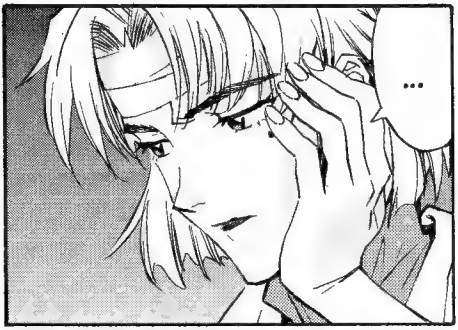
WHAT IS THAT THING?
WHAT IS EVA?
WHAT DO YOU MEAN?
...IN A FORM CLOSE TO HUMAN.
THE ONLY WAY TO PUT IT IS... AN OBJECT CREATED BY MAN...
HE'S BEEN INGESTED BY EVA UNIT-01.
WHAT.. IS THIS?! WHERE'S SHINJI?!

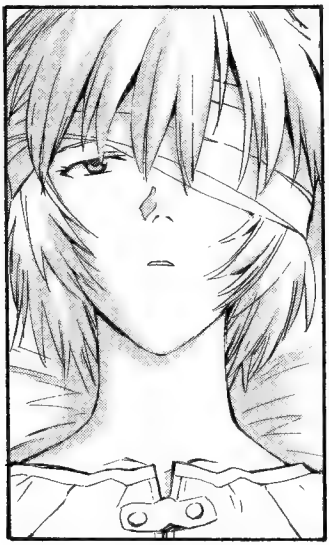
WE JUST COPIED WHAT WE FOUND IN ANTARCTICA.
THAT THING WOULD HAVE BEEN SURPRISED TO HEAR WE CREATED IT.
CREATED BY MAN?
ARE YOU SAYING THIS IS SOMEONE'S WILL?
THERE'S HUMAN WILL.
IT'S NO MERE COPY.
OR PERHAPS IT'S EVA'S...

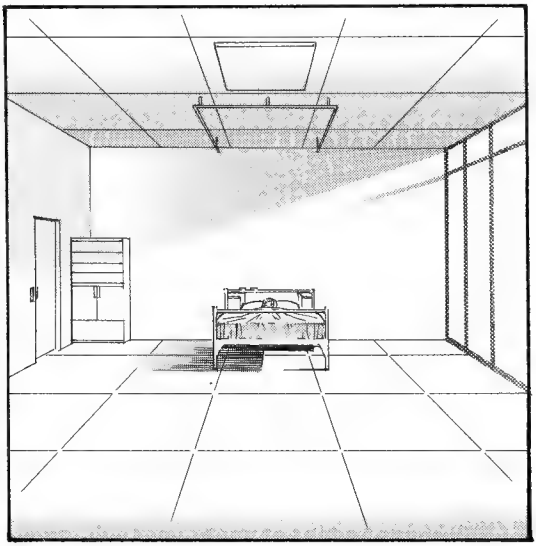
THIS IS YOUR DUTY, DR. AKAGI!
YOU MADE IT, DIDN'T YOU?!

HOW CAN YOU JUST WATCH WHAT HAPPENS?!
DO SOMETHING!

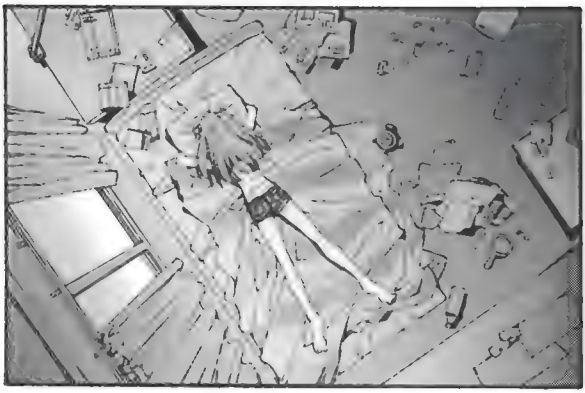


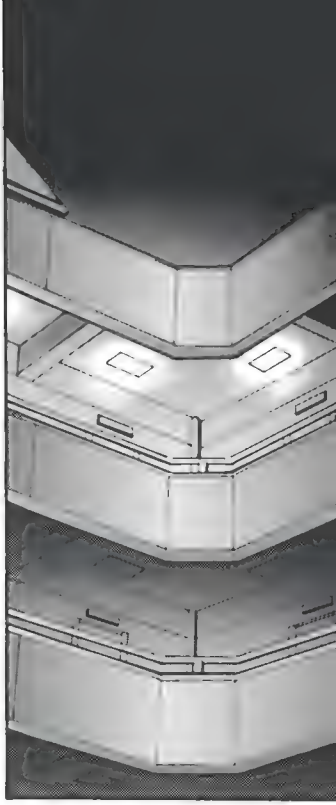
...

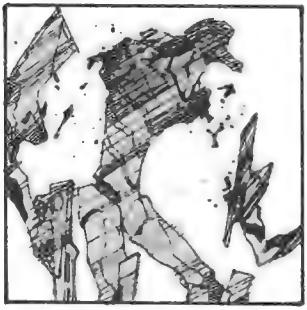




I'M STILL ALIVE...
IKARI...







GOD, I HATE IT...

...I COULDN'T DO ANYTHING.
I...

I HAD TO BE SAVED BY THAT STUPID SHINJI...

YOU HAVE A PLAN TO RECOVER SHINJI?!
IT IS PRESUMED THAT SHINJI'S BODY HAS LOST ITS EGO BOUNDARIES AND IS FLOATING INSIDE THE ENTRY PLUG AS QUANTUM PARTICLES...
THAT'S RIGHT.
ALONG WITH HIS PSYCHE... HIS SOUL.
THE LIQUID FILLING THE PLUG IS SIMILAR TO THE WATERS OF THE EARLY EARTH...
THE "PRIMORDIAL SOUP."
YOU MEAN SHINJI'S STILL IN THERE... BUT IN A STATE WHERE WE CAN'T SEE HIM?

WITH MAGI'S CALCU-LATIONS, YES.
IS THAT REALLY POSSIBLE?

WE'LL RECON-STRUCT HIS BODY AND ATTACH HIS PSYCHE.

BUT IF THAT'S ALL WE HAVE...
...THEN LET'S DO IT.
YOU MEAN IT'S POSSIBLE IN THEORY.

EVEN IF THE BELL SHOULD RING, THAT MAN IS AT THE END OF HIS USEFUL-NESS.

HE MAY HAVE ALREADY SURMISED OUR INTEN-TIONS.
BUT IKARI...
...HE IS NO FOOL.
LET HIM BE OUR STRIKING HAND.
LET OUR TRUMP BE SEEN.
IT IS TIME.
THE KEYSTONE OF OUR PLANS.

TABRIS.

EVANGELION VOLUME EIGHT

YOSHIYUKI SADAMOTO

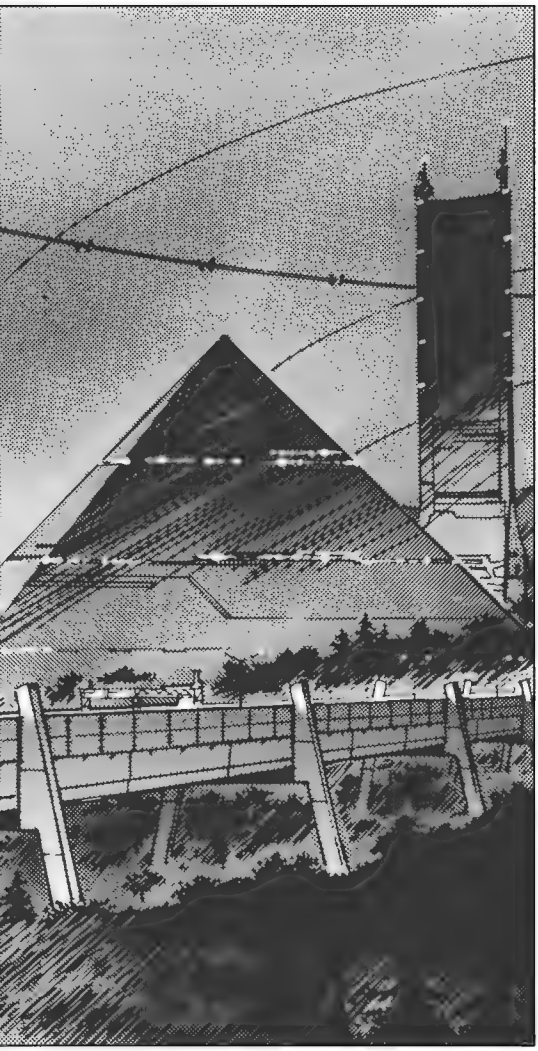
This volume first came out in Japan in 2002...the year I hit the big 4-0!

Now, let's flash back to 1992, the year I turned 30. If you had asked me then whether I expected to grow up a bit in the future, I would have said, "Why, surely." However, new research has uncovered the finding that my emotional age had by then already stalled permanently, sometime during my twenty-somethings, apparently.

Let me close on a recent illuminating anecdote. The other day I saw a withered old man clutching a glossy teen idol book in the store. At first I looked upon the dirty sod with some disgust. Then my disgust was overcome by fear—fear that I was looking at Yoshiyuki Sadamoto, circa 2022 A.D.

The upshot was that I left the store without buying all the idol books that I had wanted. The future is unknown. But just for that one day, I had proven myself better than the old man.

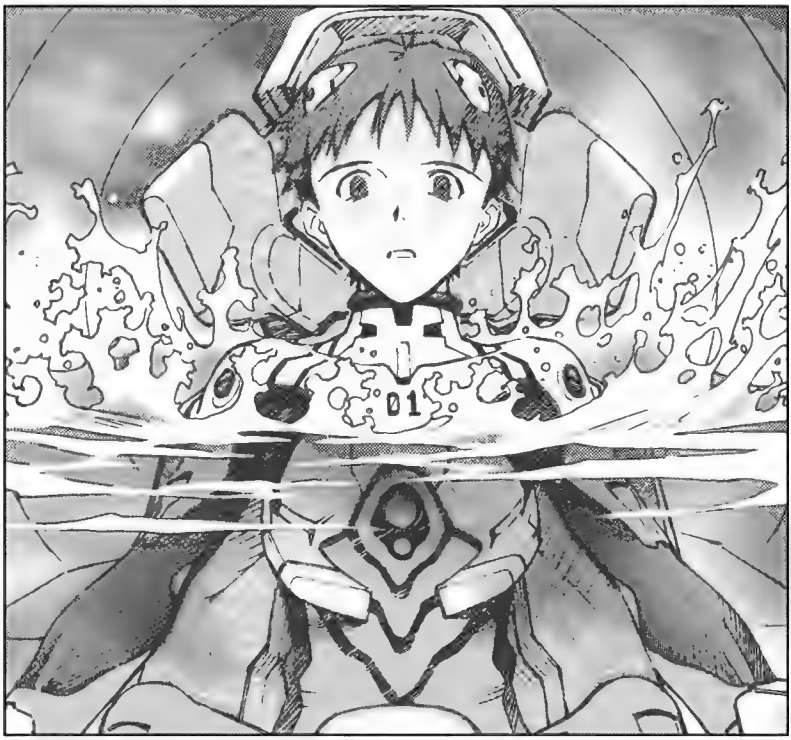
EVANGELION
09 : GEOFRONT



Geofront: A neologism developed to refer to deep underground construction developments [the term "geofront" was also used in the manga *Ghost in the Shell* and the first *PATLABOR* anime movie]. The geofront where NERV headquarters is located is directly below the city of Tokyo-3 and is a massive dome-shaped vault six kilometers wide and nine hundred meters high, lit by sunlight reflected down from the surface by a system of mirror-faced skyscrapers. Vehicles and personnel enter and leave the Geofront via trains that spiral up and down the curved walls. Many of Tokyo-3's above-ground skyscraper blocks are designed to be retracted below the surface and lock into a position from the roof of the Geofront dome. While this was designed to remove them from the possibility of damage in case of an attack on the city, the system has proved only partially effective against the Angels.

The NERV HQ building rests on the floor below the dome, surrounded by a terraced and forested landscape. NERV HQ has a "mirror" architecture as unusual as the rest of the Geofront: it has the shape of a pyramid which appears half buried at ground level, excepting the southeastern face, which descends down the side of a trench in the shape of an inverted pyramid. NERV HQ possesses a sealed-environment system; sub-basements of the building extend for at least one kilometer below the surface of the Geofront.

SECRETS OF



10 : LCL

An acronym for Link Connect Liquid, the amber fluid which fills the cylindrical "entry plugs" in which the Eva pilots sit while piloting. As the name implies, LCL is a transmission medium designed to convey the thought impressions of the pilot to the Eva Unit, allowing pilot and unit to "sync" and thus operate. LCL also provides oxygen to the lungs of the pilot; it is a liquid that can be "breathed," suggesting it may be a descendant of 20th-century U.S. Navy research into such breathable liquids to replace gaseous oxygen for deep-sea divers. As liquid cannot be compressed as can gas, such a medium provides protection from high-pressure environments. This implies that LCL may also serve to protect EVA pilots from physical shock in combat. LCL may have additional properties which remain classified.

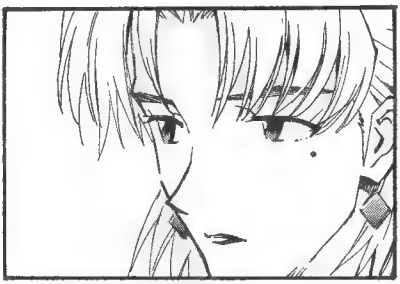
I WONDER WHAT HAPPENED.

ACTU-ALLY...
...I HAVEN'T SEEN MAJOR KATSURAGI EITHER.



I still hate the dark.
The cold last night of the world is there.

If only we could have stayed in the dark together.
I could be there, if it was with him.
There.

I could be here...
...if it was with him.
IT'S SO PRETTY...
I DIDN'T KNOW THIS PLACE WAS ON THE GROUNDS.

I WAS NEVER TOLD...
...TO COME HERE.
YOU'VE WORKED HERE SO LONG AND DIDN'T KNOW?
YOUR HAND.
HUH?
THE FIRST TIME WE TOUCHED...
...I DIDN'T FEEL ANYTHING.

THE FIRST... THAT TIME?
THE SECOND TIME...
...IT FELT A LITTLE QUEASY.
I THINK.
THE THIRD TIME...
...I FELT WARM INSIDE.
AH... ABOUT THAT...
...I'M SORRY...
IT WAS THE HEAT FROM YOUR HAND.
EVEN THROUGH THE SUIT.

...I WAS JUST HAPPY.
BUT THE FOURTH TIME...
HAPPY THAT YOU WERE CONCERNED ABOUT ME.
COULD I...
...HOLD YOUR HAND AGAIN?

.....
YEAH.

HE'S DIRECTOR IKARI'S SON.

BUT, YUI...

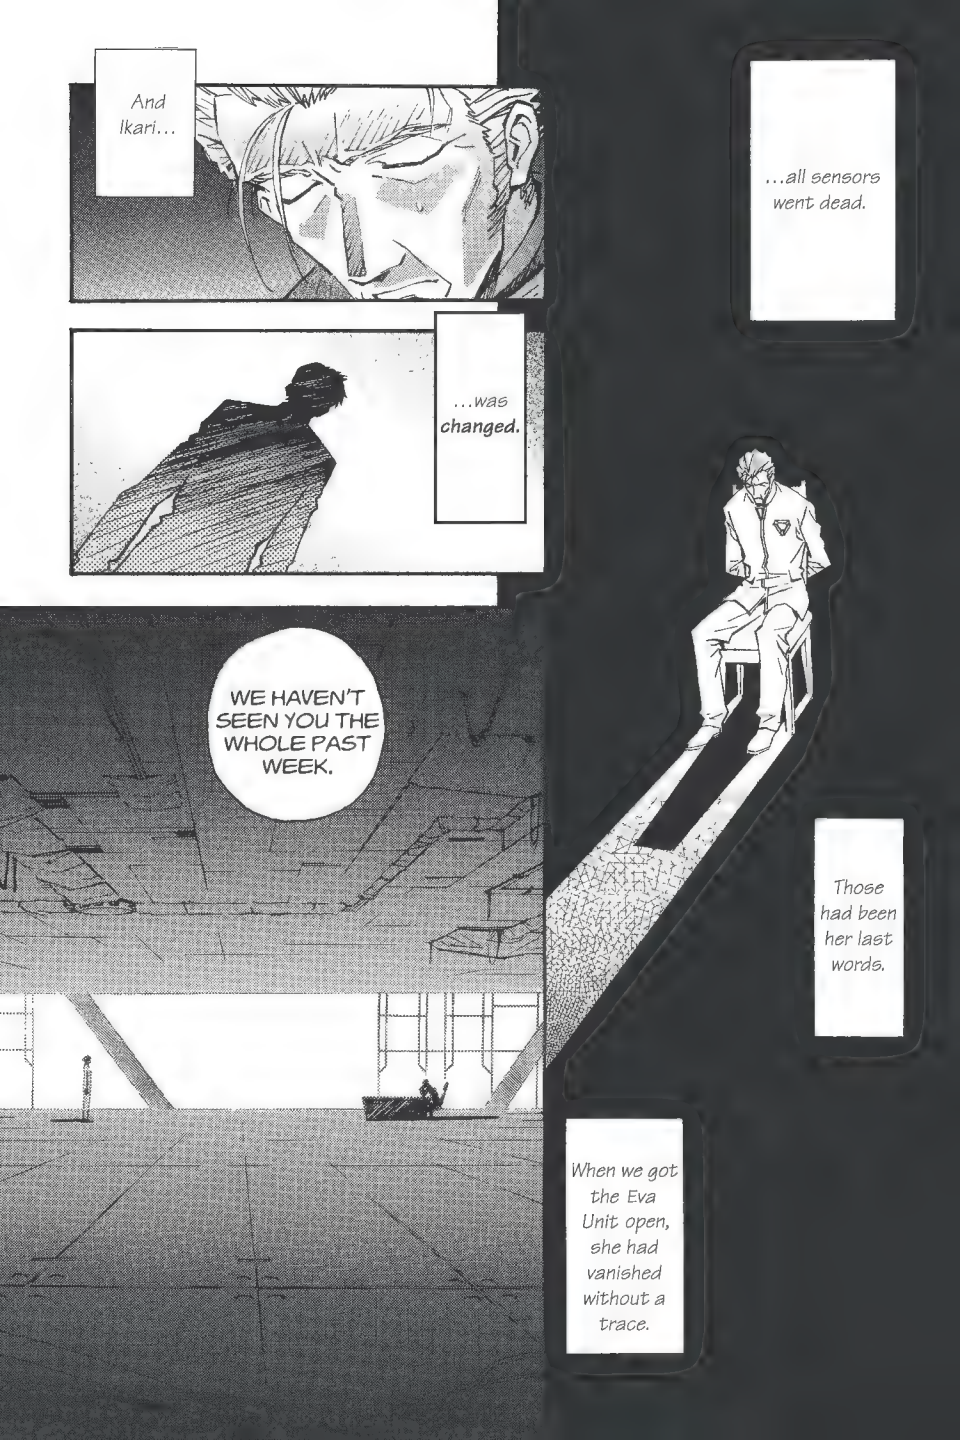
I BROUGHT HIM HERE, PROFESSOR.

EXACTLY!

YUI...
Seconds later...

I WANT HIM TO SEE...
...THE BRIGHT FUTURE AHEAD FOR HUMANITY.



And Ikari...
...was changed.
...all sensors went dead.
WE HAVEN'T SEEN YOU THE WHOLE PAST WEEK.
Those had been her last words.
When we got the Eva Unit open, she had vanished without a trace.

I'VE GOT A NEW PROJECT STARTING TODAY.
YES, I DO.

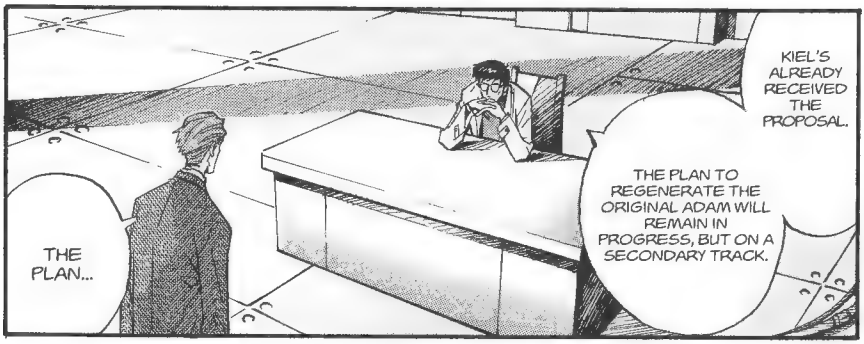
YOU HAVE TO KNOW THAT.



KIEL'S ALREADY RECEIVED THE PROPOSAL.
THE PLAN TO REGENERATE THE ORIGINAL ADAM WILL REMAIN IN PROGRESS, BUT ON A SECONDARY TRACK.
THE PLAN...

YOU...

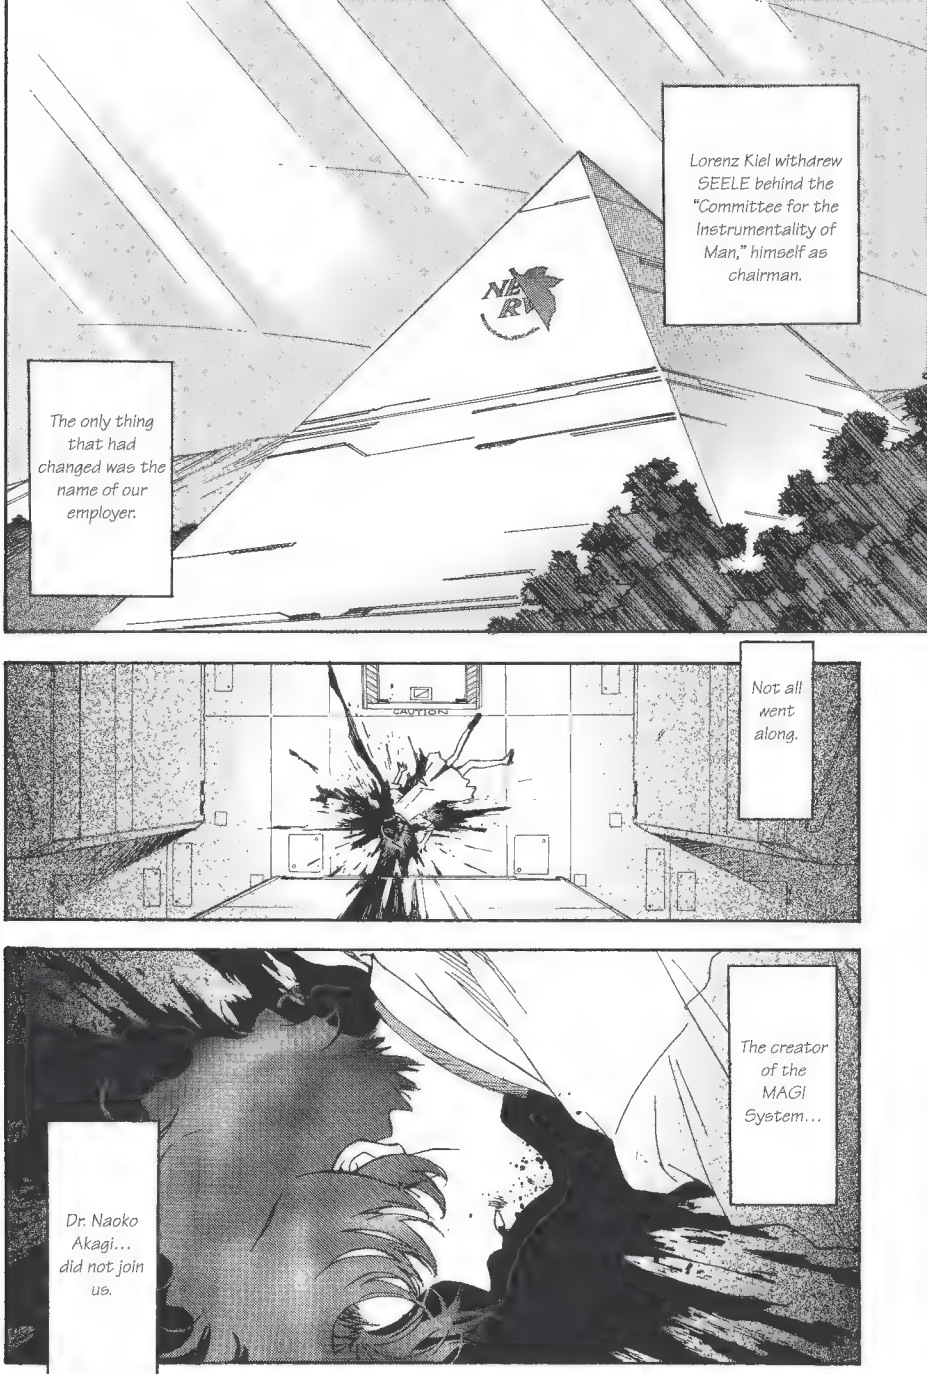
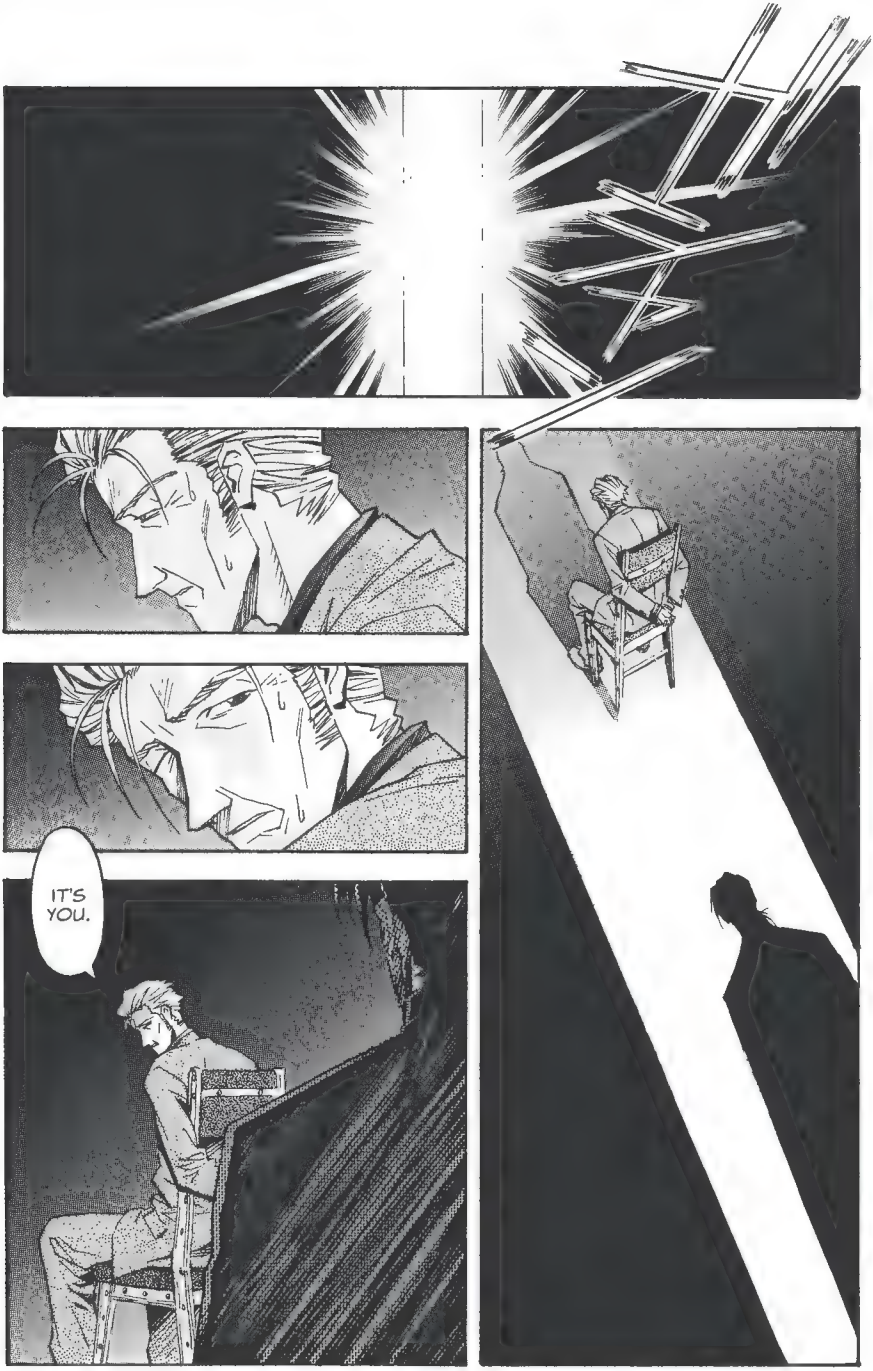
THERE'S MORE TO IT NOW, YOU SEE.

...THE INSTRUMENT-ALITY PROJECT.
YES.
THE PATH TO GOD WE HAVE YET TO TRY...
GEHIRN, the "brain," was promptly reconstituted as NERV. The German spelling of nerve—
—the branch by which the soul reaches out to grasp.

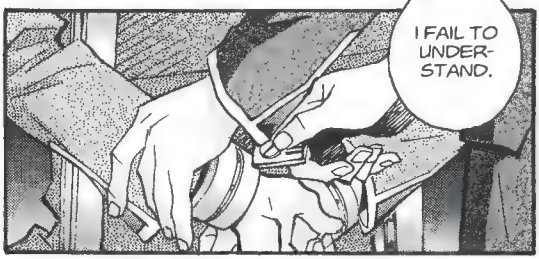


Lorenz Kiel withdrew SEELE behind the "Committee for the Instrumentality of Man," himself as chairman.
The only thing that had changed was the name of our employer.
Not all went along.
The creator of the MAGI System...
Dr. Naoko Akagi... did not join us.

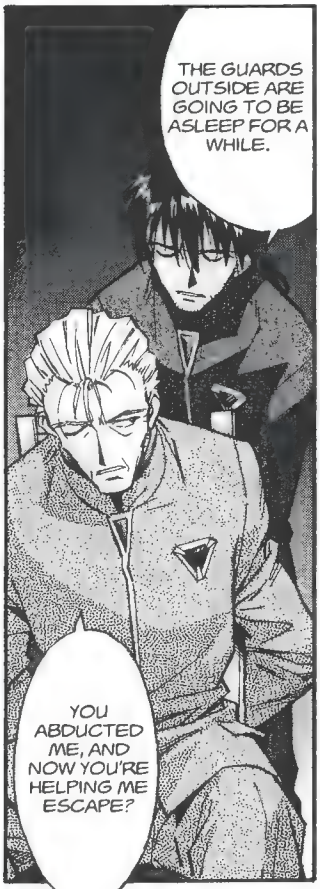


IT'S YOU.

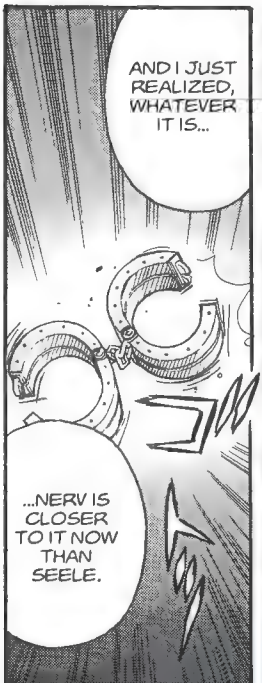
I'M GLAD TO SEE YOU'RE WELL.
AND SO WE MEET AGAIN.



I FAIL TO UNDER-STAND.



THE GUARDS OUTSIDE ARE GOING TO BE ASLEEP FOR A WHILE.
YOU ABDUCTED ME, AND NOW YOU'RE HELPING ME ESCAPE?



AND I JUST REALIZED, WHATEVER IT IS...
...NERV IS CLOSER TO IT NOW THAN SEELE.

I'M TRYING TO GET THE TRUTH.
THIS IS MY WAY OF GETTING IT.

...
BESIDES...
...JUST IMAGINE THE GUILT THAT WOULD PLAGUE ME IF YOU SNUFFED IT.
I KNOW THEY WILL.
I WAS PREPARED FOR THE CONSE-QUENCES.
THEY'LL KILL YOU FOR THIS.

FUYUTSUKI'S SAFE?
YES, SIR.
WE HAVE HIM IN OUR CUSTODY RIGHT NOW.

THE...
...MAN WHO BROUGHT HIM IN HAS GONE MISSING.

I SEE.

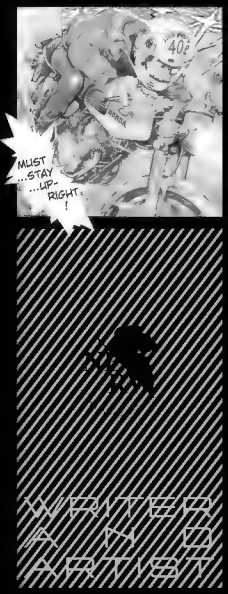
YOSHIYUKI SADAMOTO



They say that a story's hero will serve as a mirror by which you may always see the artist. And I'm not saying it isn't true.

It's just, you know, sometimes it's more like a funhouse mirror. Here's what I remember of my mother when I was young.

I wanted this little plastic toy—it cost 100 yen. I stole some change from her purse. She found out. She dragged me to this half-built house in our neighborhood, and, like the outlaws of yesteryear, lashed her son to one of the foundation posts for all to see. Yes, how well I recall that long day spent sobbing—and how the construction workers laughed...and laughed...

A mother's love is truly unconditional. Hey...thanks, Mom! Look at how I grew to be an upright human being!

SECRETS OF EVANGELION

11 : EVANGELION AND THE NEW TESTAMENT

THERE IS NO AGREEMENT

One among the many unusual aspects of Gainax's *Neon Genesis Evangelion* is its assigning of dual and differing meanings to the same element, one in Japanese and one in English. This is seen in the TV anime series where each episode has a separate title in each language, in the name of the series itself, and in the name given to NERV's "adversaries."

It would seem unlikely that these differences reflect errors in translation, as during the production of *Evangelion*, Gainax had on its staff a highly competent translator and interpreter, Michael House, who is credited in *Eva's* production and is known to have checked certain references on behalf of the studio. Rather, the director of *Evangelion*, Hideaki Anno, has been understood to state that the differences are deliberate, and in part are meant to signify the concept of dual meaning within the same term or object.

Gainax's Japanese title of the series is *Shin Seiki Evangelion*, written in Japanese as 新世紀エヴァンゲリオン. Gainax's English title is *Neon Genesis Evangelion*. However, these titles differ in meaning in the second word; 世紀, *seiki*, means "century;" the word the Japanese use to translate the Western word "Genesis" is the related but different *souseiki*, written as 創世記. Note that *seiki*, spelled with different characters, can also mean "animation," "spirit," or "vitality," suggesting that passionate nature of the series itself.

CONTINUED FROM PAGE 369

"Neon Genesis Evangelion" is itself an English-language romanization (that is, a spelling-out in our alphabet of something from a language using a different way of writing—so "Shin Seiki Evangelion" is a romanization of 新世紀エヴァンゲリオン of νέων γένεση ευαγγέλιο, the Greek words for "new," "genesis," and "gospel."

The portion of the Bible that was written by Jewish authors, the Old Testament, begins with the Book of Genesis; that portion written by Christian authors, the New Testament, begins with the Gospels. "Neon Genesis Evangelion" thus suggests a theme or premise of bearing a new vision of these scriptures.

The opening song of *Evangelion*, 残酷な天使のテーマ, "*Zankoku na tenshi no tema*," in fact means "the cruel angel's theme," here using the word the Japanese use to translate the English word "angel," 天使, pronounced *tenshi*.

However, Evangelion does not use *tenshi* to refer to the "Angels" attacking NERV throughout the story, but calls them by the word *shito*, written 使徒, which means "apostle"—in the sense of one of the early followers of Christianity who spread its teachings, from the Greek, Απόστολος, *apóstolos*, "one who is sent out."

The idea of referring to these same entities by one Japanese word with a certain meaning and another English word with a different meaning is established at the very beginning, where Gainax's Japanese title for the episode is "*Shito Shuurai*," meaning "Apostle Approach"—approach in this sense of something ominous and destructive coming on. The English title of the episode is "Angel Attack."

SECRETS OF

12 : EVANGELION AND THE OLD TESTAMENT

BEHOLD THE ANGELS OF GOD DESCENDING

The fact that NERV is fighting "Angels" might seem surprising, in as much that the organization sees itself following what it interprets as the divine order of creation; their motto, from Robert Brownings' *Pippa Passes*, is "God's in his heaven/All's right with the world" (an interesting phrasing, as it also suggests a separation of God from the world—leaving its affairs to the will of men—as proper). The motto is in the sigil of NERV, which is in the form of the organization's name emerging from a fig leaf half cut away; in Genesis 3:6–7, after they eat of the Tree of Knowledge of Good and Evil, the very first thing Adam and Eve do is cover their nakedness with fig leaves.

Much has of course been said of *Evangelion*'s use of the Dead Sea Scrolls as a motif. A priceless collection of ancient religious texts dating from c. 250 B.C. to c. 135 A.D., the Scrolls (first discovered in 1947) are known to contain, in addition to "apocryphal" and "pseudo-epigraphical" writings (books accepted as holy scripture by some Judeo-Christian groups but not others), every book in the Old Testament of the Bible except for Esther.

However, it should be noted here that there are at least four specific quotes from the Old and New Testament used for *Evangelion*—not within the TV anime series, but in a.) the liner-note booklets for the CD soundtracks *Neon Genesis Evangelion I, II,* and *III* (which represent some of the earliest official documentation for Eva, being actually issued in 1995–96 during the original on-air run of the TV series) and b.) the book *Neon Genesis Evangelion Photo File 02 'ADAM' Soldier at the 2015 A.D.*, which details the Angels and male characters of the story, published by Kadokawa in 1996.

The quotes in *Neon Genesis Evangelion I* and *II* both make reference to the Garden of Eden and

its two divine trees, the Tree of Knowledge of Good and Evil from which humankind ate, and the Tree of Life. *NGE I*'s quote is from Genesis 2:8–9: "And the Lord God planted a garden in Eden, in the east; and there he put the man whom he had formed. And out of the ground the Lord God made to grow every tree that is pleasant to the sight and good for food."

NGE II's quote is Genesis 3:11–12: "Have you eaten of the tree of which I commanded you not to eat? The man said, 'The woman whom thou gavest to be with me, she gave me fruit of the tree, and I ate." It is perhaps of interest that the three top scientists involved with the development of NERV and its technology are all women: Drs. Ritsuko Akagi, her mother Naoko Akagi, and Yui Ikari—all three of whom also had knowledge of NERV's director, Gendo Ikari.

Gendo's second-in-command, Professor Kozo Fuyutsuki, stated in volume 8 of the series that it was commonly believed that Gendo approached Yui Ikari for marriage because of her knowledge and connections to SEELE, the secret society wishing to put into use the occult knowledge it alone possessed from the Dead Sea Scrolls. When Gendo, who was born Gendo Rokubungi, married Yui Ikari, he took her family name and became Gendo Ikari, a practice that sometimes occurs in Japan when a family without heirs gives a daughter in marriage—the son-in-law now becoming the heir. SEELE entrusted Gendo Ikari with the execution of their plan for reconciliation with the divine, funding first GEHIRN and its later successor organization NERV, both under Gendo's administration.

NGE III 's quote is also from Genesis: "Come now, Let us make covenant, you and I; and let it be a witness between you and me" (Genesis 31:44). The covenant to which it refers is not the most famous one of the book, between God and Abraham (regarded by Jews, Christians, and Muslims alike as their spiritual ancestor and the beginning of man's attempt to reconnect with God through religion). It instead refers to a covenant made between Abraham's grandson Jacob, with Laban, Jacob's maternal uncle, to affirm Jacob's right to marry Laban's daughters, and for Laban not to harm him in the future.

Jacob (a name which means "deceiver" or "usurper") had waited fourteen years for the right, during which time he had borne children by the daughters and had furthermore managed to make off with Laban's wealth; Laban even accused Jacob of having stolen the sacred idols he worshipped. It was in fact Laban's daughter Rachel who had stolen them and brought them to Jacob's tent. In Paul Johnson's well-regarded 1987 work *A History of the Jews*, he comments on

Jacob's character: "a dissimulator, a machiavellian, a strategist rather than a fighter, a politician, an operator, as well as a dreamer and visionary." It was Jacob who had the dream for which the film *Jacob's Ladder* was named, in Genesis 28:12: "And he dreamed, and behold a ladder set up on the earth, and the top of it reached to heaven: and behold the angels of God ascending and descending on it."

It was also this same Jacob who, in what Johnson calls "perhaps the most mysterious and obscure passage in the entire Bible," fights hand-to-hand with an angel—or God himself—in Genesis 32:24–32, and wins: "...And he said, Let me go, for the day breaketh. And he said, I will not let thee go, except thou bless me. And he said unto him, What is thy name? And he said, Jacob. And he said, Thy name shall be called no more Jacob, but Israel: for as a prince hast thou power with God and with men, and hast prevailed...."

This is the first time the word "Israel" appears in the Bible. Johnson notes: "The term 'Israel' may mean he who fights Gods, he who fights for God, he whom God fights, he whom God rules, the upright one of God, or God is upright. There is no agreement. Nor has anyone yet provided a satisfactory account of what the incident means..."

EVANGELION

13 : EVANGELION AND THE NEW TESTAMENT

WE SHALL JUDGE ANGELS

The consequences of eating from the Tree of Knowledge of Good and Evil suggests the fundamental conflict between human beings and Angels, and even the prospect of a fight between them. It is to be noted that God did not forbid Adam and Eve to eat of the Tree of Life, only the Tree of Knowledge, but after they ate of that tree "...the LORD God said, Behold, the man is become as one of us, to know good and evil: and now, lest he put forth his hand, and take also of the tree of life, and eat, and live for ever...So he drove out the man; and he placed at the east of the garden of Eden Cherubims (the word is actually of uncertain derivation, but is understood to refer to angelic beings) and a flaming sword which turned every way, to keep the way of the tree of life" (Genesis 3:22, 24).

It has been pointed out that in *Evangelion* neither the Angels nor the humans opposing them in NERV seem to understand one another's nature, behavior, or composition very well; their early clashes suggest this and both "factions" make efforts to examine one another. In this interpretation, the misunderstanding comes from the fact that each has one but not the other divine aspect—the Angels, immortality (the Tree of Life); and humans, morality (the Tree of Knowledge of Good and Evil). In seeking a complete divine nature, then, NERV finds itself literally in hand-to-hand conflict with the Angels, who guard the Tree of Life.

The rivalry for divine nature may therefore suggest a rivalry over which faction bears the correct "message"—whether the Angels referred to as *shito* are in fact the true apostles, or men. This brings us to the fourth scriptural quote used for Evangelion, from the book *Neon Genesis Evangelion Photo File 02 'ADAM' Soldier at the 2015 A.D.*, and the only one of the four to be from

the New Testament. Consider in this the viewpoint of the Apostle Paul, author of most of the books in the New Testament and the most important preacher of early Christianity.

In Galatians 1:8, Paul enjoins of the church, "But though we, or an angel from heaven, preach any other gospel unto you than that which we have preached unto you, let him be accursed." In I Corinthians 6:2–3, Paul asserts the great power that will be given to believers: "Do ye not know that the saints [i.e., humans of true faith] shall judge the world? and if the world shall be judged by you, are ye unworthy to judge the smallest matters? Know ye not that we shall judge angels? how much more things that pertain to this life?" In Colossians 2:18, Paul furthermore warns true believers not to be fooled into worshipping angels.

The New Testament quote that appears on the back cover of *Neon Genesis Evangelion Photo File 02 'ADAM' Soldier at the 2015 A.D.* is Acts 5:38–39. It is spoken by Gamaliel, a leader among the Pharisee religious establishment, who warned that the apostles should not be killed as blasphemers for their actions because "...if this counsel or this work be of men, it will come to nought: But if it be of God, ye cannot overthrow it; lest haply ye be found even to fight against God." (Acts 5:38–39). Interestingly, whereas the Old Testament quotes in *NGE I-III* are all from the Revised Standard Version of the Bible, *'ADAM' Soldier at the 2015 A.D.*'s actual wording is from "Today's English Version" (also known as The Good News Bible)—"If what they have planned and done is of human origin, it will disappear, but if it is from God, you cannot possibly defeat them. You could find yourself fighting against God," suggesting that the staff associated with *Evangelion* had access to at least two different English versions of the Bible.

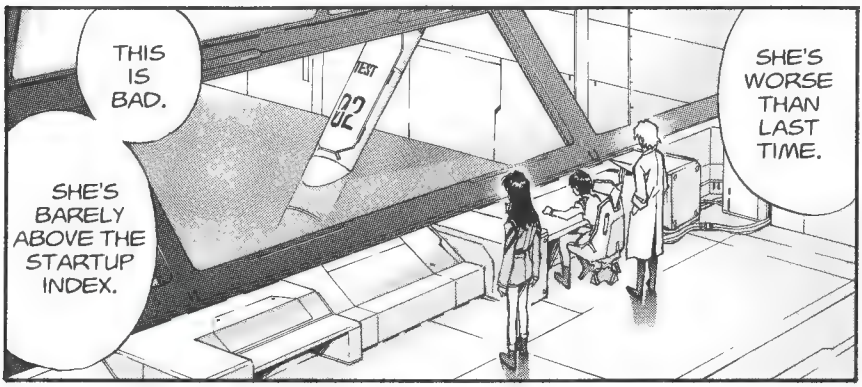
MINUS 12.8 ON THE SYNCHRO-NIZATION GRAPH.



THIS IS BAD.
SHE'S BARELY ABOVE THE STARTUP INDEX.
SHE'S WORSE THAN LAST TIME.

MENSES SHOULD NOT AFFECT THE SYNC-RATE, MAJOR.
THIS IS A DEEPER PSYCHO-LOGICAL PROBLEM.
LOOK, GUYS... SHE'S ON HER PERIOD, YOU KNOW. SECOND DAY.
LET UP ON HER.
ASUKA.
YOU CAN COME OUT NOW.
WE MAY HAVE TO...
...REWRITE THE CORE TO UNIT-02.
WELL, THIS ISN'T GOING TO MAKE HER FEEL ANY BETTER, EITHER.

THE FIFTH CHILD WILL BE ARRIVING BEFORE LONG.

WHAT DO YOU MEAN?
HE'S BEEN SENT PERSONALLY BY THE COMMITTEE.
WHAT?
ISN'T THAT A LITTLE... CONVENIENT?
HEY!

I BROUGHT HIM IN, AND HE DOESN'T EVEN HAVE ANY CLEARANCE!
OH, MAN!
NOW HE'S DISAPPEARED SOMEWHERE!

NAGISA-KUN!

WHAT'S A PERVERT?
DO YOU KNOW WHAT?
I LOOKED IN HERE BECAUSE I HEARD YOU TALKING.
A PEEPING TOM! A LECH! A FILTHY BOY WHO LOOKS INTO LADIES' ROOMS!

THE EVA WON'T MOVE UNLESS YOU OPEN YOUR HEART TO IT.
WHAT... WHAT ARE YOU TALKING ABOUT...?
WHAT WOULD YOU KNOW ABOUT IT?!
HOW AM I SUPPOSED TO OPEN MY HEART TO A PUPPET?

CLOSING MY...
I CAN'T BELIEVE I'M EVEN LISTENING TO SOME STRANGER WHO FOLLOWED ME INTO THE BATHROOM...

PUPPET?
THE EVA HAS A HEART LIKE YOUR OWN.
CLOSING YOUR HEART, YOU CANNOT SYNC WITH IT.
I'M THE PILOT, AND YOU DON'T KNOW WHAT THE HELL YOU'RE TALKING ABOUT!
I ADVISE YOU TO TAKE YOUR PERVERTED PREACHING SOMEWHERE ELSE IMMEDIATELY BEFORE I KICK THE CRAP OUT OF YOU!

HEY!
STOP! JUST STOP, OKAY?!
UH— THAT'S NOT A GOOD IDEA!
AND WHY ARE YOU TOUCHING ME? LET GO OF MY WRIST SO I CAN SMACK SOME SENSE INTO HIM!
LEMME GO!
DID YOU BRING HIM HERE?!
SHINJI! DO YOU KNOW THIS PERVERT?
W-WELL, UM, YEAH, BUT—

YOSHIYUKI SADAMOTO

The way she looks, the way she moves—the graceful beauty of her form. There is nothing like a sports car. Invest your time, money and affection in one and you will get guaranteed rewards.

By contrast, relationships often lack that promise of exhilarating speed, nimble maneuverability, and elegant bodywork.

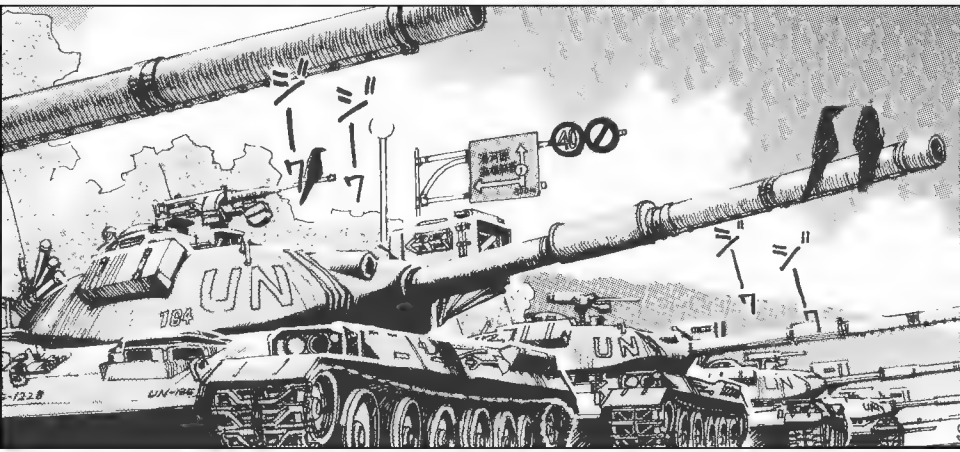
Still, I admit I have an unfathomable fascination with romance—and whether your object of affection be a pop star on TV or a two-dimensional drawing, you may count upon the pitiful genetic programming of that degenerate creature called man to rise to the fore, hence my careless life of cars, women and manga. All that's missing is alcohol. You never know; perhaps my laid-back ethic would be better suited for the Caribbean.

EVANGELION
14 : UNITED NATIONS

An international organization of sovereign states, established in the immediate aftermath of the Second World War in 1945 with its headquarters in New York City. Originally composed of the victorious Allied Powers, the chartered purpose of the UN was to promote world peace, security and cooperation in the post-war world. The organization had come to include nearly all countries by the end of the century.

The discovery of the Dead Sea Scrolls took place against the background of the UN partition of Israel and Palestine as separate entities, and it was a member of the United Nations Truce Supervision Organization, Captain Philippe Lippens, who brought in Roland de Vaux, director of the Ecole Biblique, a French Catholic theological school in Arab East Jerusalem, to oversee research on the scrolls; he remained director of the project until his death in 1971. It was de Vaux who discovered the fragments of the Book of Enoch in 1952.

The Antarctic Treaty of 1959, which suspended the claims of any individual nation to that continent, opening it up to extensive research, was written to "further the purposes and principles embodied in the Charter of the United Nations." It was the United Nations that investigated and published the official explanation of the Second Impact in 2002, claiming it resulted from a meteor strike. The UN gained in the aftermath of that catastrophe a heretofore unseen level of power and influence that made it, for the first time, an agency capable—if it deemed so necessary—of action independent of the major surviving world governments. Of those governments, that of Japan appears the most susceptible to UN influence (although the mistrust and rivalry between the two organizations is also evident). The headquarters of the 21st century United Nations is in fact now in Japan's own capital of Tokyo-2, formerly called Matsumoto City.

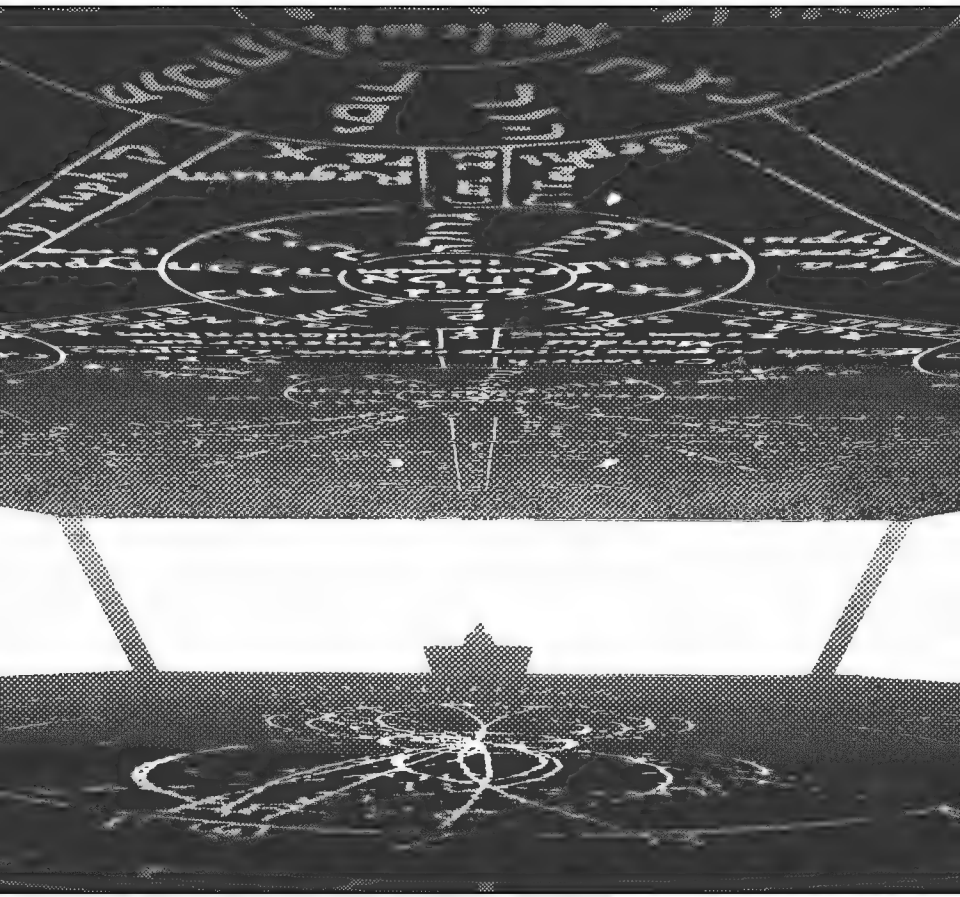


SECRETS OF
15 : MARDUK AGENCY

Like NERV itself, the ever more obscure Marduk Agency is supposedly an organization established by the United Nations' secret instrumentality of Man Committee, under its chairman, Lorenz Keil. The founding date of the Marduk Agency is unknown. The purpose of Marduk is to find and identify these fourteen-year-old "Children" able to "synchronize" with and hence pilot the Evangelion units. At this point in events, four have been found: in order, the First, Rei Ayanami; the Second, Asuka Langley Soryu; the Third, Shinji Ikari; and the Fourth, Toji Suzuhara. Records indicate that the Marduk Agency is a vast concern, with connections to a family of 108 international enterprises. However, NERV's Ryoji Kaji, acting as a double agent for the Japanese Ministry of the Interior, maintains that he has evidence that Marduk is nothing but a vast series of blinds, and the truth about the selection process lies not with Marduk, but with the school all the Children attend.

"Marduk" was the ruler of the gods worshipped by ancient Babylon, the city-state whose armies in 586 B.C. destroyed the original Temple of Solomon in Jerusalem and then exiled the Jews from their homeland during the forty-eight-year "Babylonian Captivity." This otherwise obscure detail may connect to the Instrumentality of Man committee. The Dead Sea Scrolls consulted by the committee for their prophecies are believed by many scholars to have been written by the Essene community of Jews—a community which is thought to have had its origins during the Babylonian Captivity.

EVANGELION
SYSTEMA SEPHIROTICUM



Inscribed on the ceiling (and floor, in a different form) of Commander Ikari's office, are diagrams of Creation as conceived within the ancient Judaic mystical tradition known as Kabbalah. It is important to note that because of the antiquity and basic primacy of Judaism and Jewish writings within the Western (and also Islamic) theological tradition, historically, many non-Jews have attempted to adapt, or co-opt, such to their own systems of belief or practice. While this has often been done without malign intent, it has also often taken on an expression that could be characterized as anti-Semitic.

SECRETS OF 16 :

This occurred notoriously with the chief editor of the Dead Sea Scrolls research project himself, Harvard Divinity School's Dr. John Strugnell, who was dismissed from his position after voicing supersessionist views about Judaism in a November 9, 1990, interview with the Israeli newspaper *HaAretz*. Supersessionism is when believers in newer religions based on Judaism (for example, religions such as Christianity, founded c. 27 A.D. and Islam, founded 610 A.D., both of which regard the God with whom the Jewish patriarch Abraham made a covenant in c. 1850 B.C. as also being their God) express the idea that their new religion "supersedes," "completes," or "corrects" an original Judaism that is now irrelevant. Another extreme example of the co-opting of Jewish revelation to justify a movement or program are the views of present-day sects such as the Christian Identity movement, who seek to write Jews out of their own history, claiming that "White, Anglo-Saxon, Germanic and kindred people" were the actual people of Abraham's covenant and that modern Jews are somehow impostors.

This millennia-old interest in Jewish concepts and thought has included conventional religious practice as well as esoteric ritual, and has included not only figures regarded as mystics but philosophers such as the psychologist C.G. Jung. However, one of the earliest non-Jews known to seek occult knowledge from the Kabbalah was the mysterious Jesuit scholar Athanasius Kircher (1602–1680). He drew the particular diagrammatic interpretation of the Kabbalah that appears on the ceiling of Gendo's office, and gave it the Latin name "Systema Sephiroticum" (System of the Sephira). Kircher drew controversial, syncretic associations between Christian teaching and the Kabbalah, which had by this time already existed separately for centuries as a Jewish discipline. It is of course also important to bear in mind that the long history of Judaism has included within its own adherents a full range of interpretations of Kabbalah, no less than debate over everyday questions of morals, ethics, practices, and beliefs, with differences that continue to the present day.

However, the pattern does accurately describe fundamental Jewish Kabbalistic beliefs: to wit, that the ten "sephirah" (the word, which is the original Hebrew, is an ancestor of the English "cipher") shown in the diagrams, are attributes of God, linked together by a complex pattern that serves also as a model, map, schematic and code for the totality of Creation; thereby, through its study, all knowledge of Creation and God can eventually be revealed and understood by human beings.

For this to happen, in Kabbalah, is in fact the purpose of existence itself, as Kabbalists believe that Creation—where One made many—occurred because "God wished to behold God," and therefore, "Face must behold Face." Only when our knowledge of Creation—including its experiences and possibilities as brought about by free will—is complete, will all existence be reunited with God.

Shinji Ikari, Age 14

Shinji was the "Third Child" chosen to pilot the monstrous Evangelion series; biomechanical combat units developed by the secret UN paramilitary agency known as NERV. Resentful of his father and desperate for his approval, Shinji climbed into the entry plug of Eva Unit-01 to do battle with the enigmatic Angels.

Rei Ayanami, Age 14

Rei is the "First Child" to be chosen to pilot an Evangelion. While piloting Eva Unit-01, she was severely wounded while fighting the Angel Sachiel during the same battle in which Shinji arrived at Tokyo-3.

Asuka Langley Soryu, Age 14

A U.S. citizen of mixed Japanese and German ancestry, Asuka is a product of eugenic breeding. Selected to begin training as an Eva pilot from a very early age, Asuka is an excellent fighter, but she struggles with traumatic memories of her childhood.

Kaworu Nagisa, Age 14?

Kaworu introduces himself to NERV as the "Fifth Child." SEELE has sent him to NERV directly, not bothering to go through the Marduk Agency. But as NERV keeps the First Angel, Adam, so has SEELE kept the last, Tabris, the true name and identity of Kaworu Nagisa.

Gendo Ikari, Age 48

Shinji's father. This ruthless and enigmatic man is the guiding force behind the development of NERV's Evangelion system. He is also the man entrusted to carry out the even more secret Instrumentality Project. Gendo was an absent father, leaving Shinji's upbringing to the boy's aunt and uncle.

Misato Katsuragi, Age 29

Captain Katsuragi is the chief tactician for NERV, responsible for planning and guiding Evangelion missions against the Angels. She has forced Shinji to move into her apartment in an attempt to "fix" his "attitude"...

Ritsuko Akagi, Age 30

Technical supervisor for NERV's Project E (Evangelion). Dr. Akagi is a polymath genius who rode the wave of scientific revolution following the cracking of the human genetic code at the end of the twentieth century. Her disciplines include physics, biotechnology and computer science.

Ryoji Kaji, Age 29

Intelligence agent working for NERV, although its senior personnel know that he is also spying for the Japanese Interior Ministry. It has also been suggested that Kaji is secretly working for a third party, SEELE. Despite his handsome, cool exterior, Kaji regards himself as weak, his life haunted by a youthful betrayal.

SOUND EFFECTS GLOSSARY

The sound effects in this 3-in-1 edition of *Neon Genesis Evangelion* have been preserved in their original Japanese format. To avoid additional lettering cluttering up the panels we have provided this list of sound effects (FX). Each FX is listed by page and panel number, so for example 6-5 would mean the FX is on page 6 in panel 5. If there is a third number, it means there is more than one FX in the panel—6-5-1 and 6-5-2 for example. The transliteration is given, followed by the English translation/approximation.
